

Technical Data Sheet

MINI SERIES

English version
REV 05/2017

Article numbers

00250-xx-xx-xx

00500-xx-xx-xx

01000-xx-xx-xx

xx = any given number according to specifications for example colours and labels.

Product information

The Mini containers are tamper resistant pocket collectors used for carrying and disposing needles, syringes and other sharp objects. The ergonomic design gives you an easy and safe work practice. They are famous for their flexibility and can be found in sizes of 0.25, 0.5 and 1.0 litres. They are small enough to carry with you for an everyday routine. The Mini containers are designed with extra wall thickness to prevent penetration.

All sizes are stackable both empty and full. It's perfect for diabetics as it's equipped with an insulin pen disconnecter. In the lid there is also a QuickFit alternative and a universal disconnecter. The container is able to be locked both temporarily and permanently. Mini has a visible fill line that indicates when the container is full. All sizes are fully autoclavable.

Key Benefits

- UN och ADR approved
- Stackable
- Marking for maximum filling level
- Autoclavable
- The lid can be sealed either temporarily or permanently
- Manufactured in environmental friendly PP material
- Hypodermic needle remover in the lid
- Designed for wall, table and pipe mounts
- Extra wall thickness to prevent piercing

Environmental Compliance

REACH - Registration, Evaluation, Authorisation and restriction of Chemicals

REACH (EC/1907/2006) is the European Community Regulation on chemicals and their safe use, in force since 2007. REACH is a regulation and therefore directly applicable throughout all EU Member States. It does not require transposition into national laws of Member States.

Safebox comply with the restrictions laid down in REACH.
